Professional Experience

Webmaster, Freelance, Oct 99 – Present

■ Develop and maintain web sites, both commercial and non-profit organizations. Provide guidance on marketing and evolving new technologies for new and existing web sites.

Program Research Analyst, DynCorp (now CSC), Arlington VA, Oct 95 – Oct 98

■ Supported DARPA/ITO EDCS Program in various capacities including "Business Financial Manager" of which the major emphasis is in the financial management and control of the DARPA/ITO EDCS Program's budget and contractual responsibilities.

■ Developed and maintained various FileMaker Pro relational databases, which monitor status of current program budget and collects necessary information on current contractors and their related research community members. These databases greatly increased the efficiency for the Program Manager and other DARPA/ITO members to allow quicker access the necessary information accurately and in real time.

■ Monthly maintenance as web administrator for ITO Internal Web pages.

■ Attended DARPA supported software training in Excel, MS PowerPoint, and HTML scripting.

■ Supported Program Manager in continuous management of on-going Evolutionary Design of Complex Software program from revising budget milestones through execution of final program budget.
